

Creating the future with Engineering!

TGE Gas Engineering GmbH is one of the world's leading engineering contractors for the design, procurement and construction of gas handling and processing plants throughout the gas chain – from well head to customer supply.

As part of the CIMC Group, having over 100 subsidiaries and nearly 58,000 staff globally, TGE is in the position to provide the best solutions for its customers worldwide.

For the further expansion of our international team in our office in Bonn we are seeking with immediate effect

COMOS PT Manager (m/f)

In this function you will be responsible for the implementation of the Computer Aided Engineering (CAE) Tool - COMOS PT. After the implementation of the system, you will continue with the in-house development and customization, administration, training and further company-wide roll-out.

During the implementation phase you have the following main tasks:

- Development of specification
- Development of the implementation strategy to ensure acceptance by users
- Negotiation with the supplier
- Execution of the project considering the defined project tasks
- Coordination of the assigned project team and the supplier
- Review of system interfaces
- Project control and reporting, as well as follow-up of project progress, cost and resources
- Documentation of the project
- Responsibility for the change management
- Arrangement of roll-out

After the implementation of the system you have the following main tasks:

- Execution of trainings
- Administration of the CAE system
- Definition and generation of required system reports
- Assistance to users
- Set-up of CAE environment for projects
- Management of possible future projects, i.e. implementation of pipe spec designer, interface to 3D model and interface to ERP

You have a final degree from a technical university, preferably in Process Engineering, Mechanical Engineering or equivalent. You are experienced in using COMOS PT, are strategically minded with a structured way of working and have a very good command of written and spoken English. You are team-minded, communicative, willing to take responsibility, always acting in a convincing manner with a high degree of commitment and are ready for worldwide business trips.

TGE provides interesting and diversified activities in a dynamic work environment with a high degree of personal responsibility, excellent career perspectives and attractive social benefits.

When you are interested in working in a multi-disciplinary and international team at different locations within a growing market, then we look forward to receiving your application in writing (email appreciated) with the reference „COMOS Manager“.
